

# Room 6

## Garden Room

Modern and bright, Room 06 has a large freestanding bath and instant access to our pretty walled garden. In the warmer months, there's nothing nicer than chilling out with a drink on the terrace. You'll even have your own outdoor seating area – no jostling for a table required!

## Stow's Secret Garden

Our private walled garden has been around for more than 200 years, but it's still one of Stow's best-kept secrets. Whether you're staying with us or just passing through, it's a peaceful spot to sit back and enjoy pre-dinner drinks, after-work cocktails or an al fresco bite to eat.
